Position Purpose:

To provide services to clients, families and carers in line with Mind’s Model of Recovery Oriented Practice by sharing knowledge gained from personal lived experience of mental ill-health and recovery in a manner that supports, empowers and inspires hope.

The service type is Peer Recovery Communities, which provides recovery oriented services to adults in a residential setting.

Mind Information:

Mind is a leading provider of community managed mental health services in Victoria and South Australia. Mind works with people who experience mental health difficulties, to help them live well in the community, with or without symptoms. At Mind, we recognise that having safe and affordable housing, getting a job and building trusting and supportive relationships are integral elements of the recovery journey and essential to maintaining good mental health.

Mind offers a diverse range of services including recovery orientated individual and family services, transition from acute settings to community support, residential rehabilitation services for young people and adults, housing support, respite services, volunteer and mentor programs, information and referral and care coordination services. It also offers a range of specialist programs including programs for people with mental ill-health and intellectual disability, recreational and arts programs and family strengthening programs. This diversity offers staff significant opportunities for ongoing learning and professional development.

Mind’s service approaches are grounded in consumer and family/carer focused recovery practices. Our people work collaboratively with consumers, their families and carers, and other service agencies and professionals, in supporting our clients on their recovery journey. We recognise the individual, respect their rights and preferences, and actively encourage their engagement with our organisation.

Mind is an open, collegiate human service organisation which offers challenging, fulfilling work opportunities. It has a strong commitment to staff training and development and offers flexible work conditions. Mind is a great place to work.
Mind Vision, Purpose and Values:

**Vision:** Recovery the norm - Inclusion the reality.

**Purpose:** Mind will be a resource to recovery for people who are facing serious mental health related challenges to support them to actively participate in social and economic life by provision of advocacy for evidence based services and polices which achieve positive social outcomes.

**Values:**
- Consumer Focus - We value clients taking charge of their recovery and giving guidance to Mind supporting that recovery;
- Making a difference - We are committed to action for social justice, respect for people’s rights and to fostering the inclusion of Mind clients in community life;
- Integrity - We value honesty and accountability in our relationships with consumers, carers and families, staff and other Mind stakeholders;
- Hope - We value hope, courage and perseverance, knowing that people do recover from their mental health challenges;
- Creativity and Innovation - We value the development of new ideas and work practices that continually improve our capability to provide excellent services.

Service/Area/Division/State Information:

Melbourne Inner South Area, West Area and North West Area/Victoria

Peer Recovery Communities provide an individualised recovery oriented residential services where people with mental ill health can learn skills and manage their mental health and physical health within a safe, supported environment. Three of the Peer Recovery Communities are 24 hour services and three Peer Recovery Communities are extended hours. Each service provides time limited support, to support recovery and promotes social inclusion. Services provide individualised support services, peer learning workshops and opportunities for enhanced community activities.

Peer Recovery Communities are undergoing considerable service model change and the additional staffing resources will support the transient this exciting and contemporary service delivery.
